Regional Medical Center Bayonet Point Volunteer Program welcomes people of all ages. Our volunteers are retirees, professionals, homemakers, students, part-time residents and men and women of all backgrounds who live in surrounding communities. They are very special people who have one common purpose—they want to help others and make a difference.

**Ways You Can Make a Difference**

You don’t need special skills to become a volunteer. Every volunteer offers his or her unique and individual interests, talents and experience in contributing to the volunteer program.

Each prospective volunteer is interviewed and together with the Manager of Volunteer Services, we determine where your interests and skills best match the needs of the hospital. Once you have chosen your service area in the hospital, you will attend a comprehensive orientation class before beginning your on-the-job training. Volunteers are assigned to work one four-hour shift per week, and many of our dedicated volunteers work more frequently.

**Benefits of Volunteering**

In addition to providing help to patients and visitors as well as meeting new friends, you may also enjoy the opportunity to learn new skills and develop new interests. As a volunteer at Regional Medical Center Bayonet Point you will receive either a volunteer jacket, smock or tee shirt and be issued an ID badge. The hospital cafeteria offers a complimentary meal for each four-hour shift you volunteer. Every year, the volunteers are recognized at a banquet where service pins for the number of hours and years volunteered are awarded.

**Volunteering Offers Something for Everyone Who Wants to Make Their Spare Time Special**

Become a part of our outstanding team of volunteers who collectively contribute over 150,000 hours of service annually to our patients, visitors and staff. The rewards are great! To learn more about becoming a volunteer, or to schedule an interview appointment, please call today.

**For More Information On Volunteer Opportunities**

Call 800-432-7811 or Donna Owen, Manager of Volunteer Services at 727-869-5525
